

National Network of Grantmakers COMMON GRANT APPLICATION

Dear Nonprofit Colleague:

To save you time and effort in the grant application process, the National Network of Grantmakers (NNG) has developed this common application form. NNG is an organization of grantmakers committed to social justice and philanthropic reform. The common application format is one way of moving toward our mission.

Strategies for Successful Grant Seeking:

- Research the funding interest of a foundation before applying and obtain a copy of its annual report and/or guidelines.
- Familiarize yourself with the funder's application process, including timetable and preferred method of initial contact. It is important to note that some funders accept proposals only after an initial phone call, query letter or pre-application form and in general, it is never a good idea to send out mass mailing of proposals.
- Include a brief cover letter that outlines the link between your proposal and the funder's interests. One paragraph of the cover letter should provide a brief summary of your project.
- Follow the attached format and any specific instructions from the funder.
- Remember that NNG members are interested in addressing the root causes of social problems and address this in your narrative.

Because this is a broad attempt to meet the general requirements of a number of grantmakers, certain funders might request additional information.

The National Network of Grantmakers is an organization of individuals involved in funding social and economic justice. The Network values individuals, projects and organizations working for systemic change in the U.S. and abroad, in order to create an equitable distribution of wealth and power and mutual respect for all peoples. NNG works primarily within organized philanthropy to increase financial and other resources to groups committed to social and economic justice. NNG has three strategic directions: Embarking on a campaign to galvanize existing and new philanthropic resources for social and economic justice work; Providing a network to offer mutual support for

progressive grantmakers, share information across grantmaking sectors and promote the exchange of information and strategies among social change funders and community activists; Working to reshape philanthropic policies and procedures among our own members, as well as the larger field of philanthropy, to promote diversity and open, democratic processes in order to increase the amount of funding and other resources for progressive social change.
